

As part of the program, families will develop an action plan for dealing with any unresolved issues.

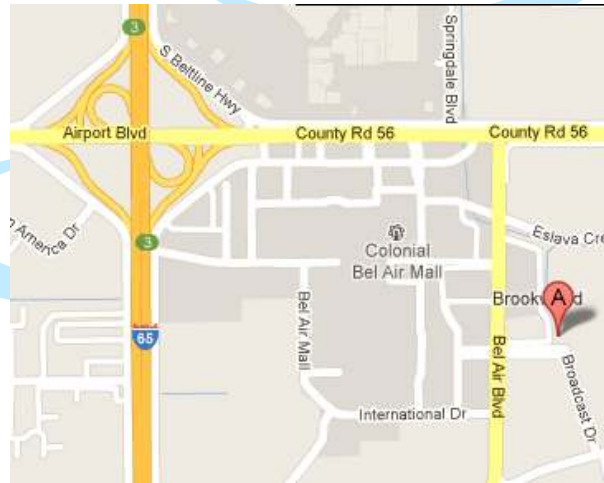

Appropriate referrals will be made to resolve any remaining issues or barriers to success for the individual and family.

FAMILIES ROCK! At the DEC

This intensive education program for families addresses issues such as:

Dangers of alcohol, tobacco and other drugs

Prescription drug abuse

Dangers of illicit drug use

Impact of drugs and drug use on the individual and family

Addiction and recovery

Other related topics as needed

FAMILIES ROCK! is designed for youth who are not in need of substance abuse treatment, but who are exhibiting early signs of alcohol or other drug use, along with parents and other family members.

The program fee for *Families Rock* is \$350.

Each family meets with a DEC staff member for an interview and brief assessment to determine if a referral is needed for further evaluation.

Our Staff will work with participants to help stabilize family circumstances, and then guide them in completion of appropriate intensive education components of the program.

Individualized sessions include a combination of face-to-face brief motivational counseling, online education, videos and independent study.
